A new level of hospitality.

Restaurants bieten mehr als nur Gaumenfreuden außer Haus. Sie sind soziale Orte, die man mit anderen teilt. Menschen überall auf der Welt finden dort ein Miteinander, auch wenn man sich nicht kennt. Ein Gemeinschaftsgefühl, ein nicht selbstverständlicher, besonderer Moment. Alle Fäden laufen beim Gastronomen zusammen. Er ist oft Küchenchef und umsichtiger Gastgeber in einer Person. Unter seiner Regie stellt sein Team ein Gesamterlebnis her, das Gäste erfreut.

Get united! Genussvolles Zusammensein bei Tisch. Genau dieses Credo hat United Tables sich in den Markennamen eingeschrieben. Unsere Überzeugung: Ein guter Chef setzt nicht nur die Küche unter Dampf, sondern weiß, was Gäste heute erwarten. Darum serviert United Tables keine vorgefertigten Lösungen aus der Portfolio-Schublade, sondern passende Konzepte. Wir sondieren die aktuellsten Food- und Gastro-Trends und entwickeln dafür interessante Tisch-Settings. Und dann zeigen wir unseren Kunden, wie sie mit dem passenden Glas, Geschirr und Besteck neue Genuss-Perspektiven in Szene setzen.

Restaurants offer more than just culinary treats away from home. They are places to socialise with other people. Places where people all over the world meet up, even if they don't know each other. Where they find a sense of community, a special moment that should not be taken for granted. The restaurateur brings all the strands together. His role often encompasses those of chef and vigilant host. Under his leadership, his team creates an all-embracing experience to delight every guest.

Get united! An enjoyable get-together at the table: this is exactly the guiding principle to which the United Tables brand name subscribes. It is our conviction that a good chef is not only passionate about his job in the kitchen, but he also knows just what today's guests want. This is why United Tables doesn't serve up ready-made packages that can be pigeon-holed into a portfolio, but individual ideas. We explore the latest trends in food and gastronomy, and devise attractive table settings for them. Then we show our customers how they can set the scene for fresh perspectives on enjoyment by using the right glasses, dinnerware and cutlery.

Get united

United Tables betrachtet die einzelnen Player bei Tisch nicht isoliert, sondern realisiert den gedeckten Tisch als Gesamtkonzept. Das harmonische Zusammenspiel von Glas, Porzellan und Besteck entfaltet ein lebhaftes „Tischgespräch“, bei dem die einzelnen Elemente interagieren. So entsteht zwischen Speisen und Getränken eine spannende Beziehung und neuer Raum für kulinarische Experimente.

United Tables does not look at the individual components on the table in isolation, but rather prepares an overall design for the way the table is laid. The harmonious interplay between glass, tableware and cutlery generates a vibrant "table discussion", in which the individual items interact. This creates a fascinating relationship between food and drinks, alongside a new arena for culinary experiments.

Coffee & Cake

The perpetual hype about health can sometimes get extremely irritating. It's no wonder the yearning for political incorrectness is making itself known as a backlash against health food: as a desire for soul food, with mega-thick cream slices and delightfully gooey Sachertorte. Calorie-rich treats that are undergoing a revival, particularly in northern countries.

Sweet dreams

Der permanente Gesundheits-Hype kann manchmal echt nerven. Kein Wunder, dass sich als Gegenbewegung zum Health Food die Sehnsucht nach politischer Unkorrektheit Raum schafft. Nach Soul Food mit mega fetten Sahneschnitten und herrlich klebriger Sachertorte. Kalorienreiche Seelenschmeichler, die vor allem in den Nordländern ein Revival erleben.

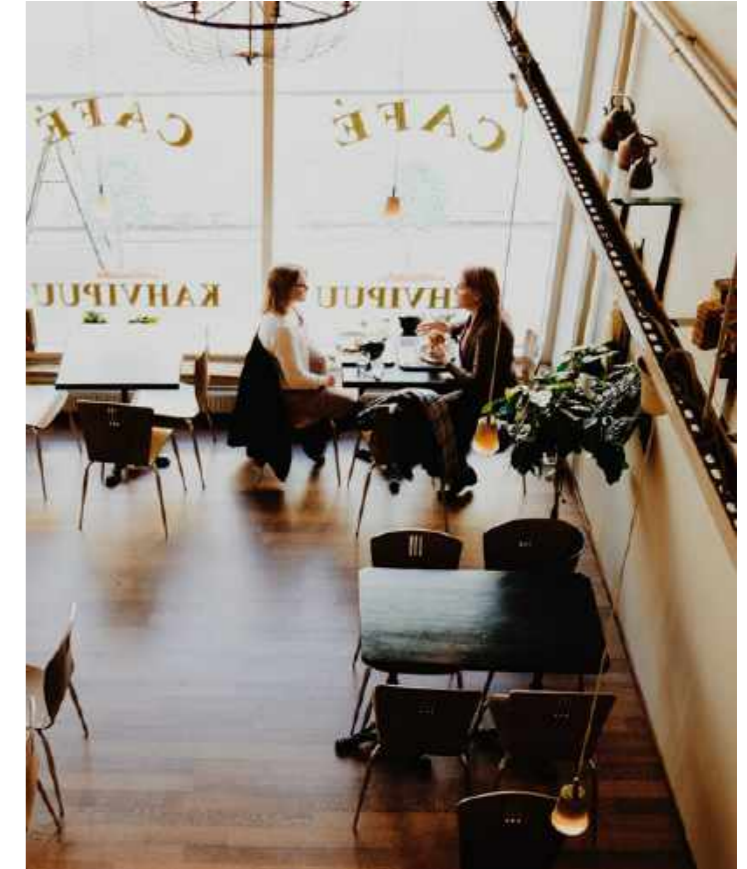

Coffee to stay

The cup of coffee or tea in a café in Copenhagen, Munich or Milan should be declared part of the world's cultural heritage. It is, after all, the counterpoint of the bustling coffee-to-go culture. In either a traditional coffee house or the cosy café around the corner you can find the time for pondering, reading, observing. Anyone who is in the know about coffee in Vienna knows the difference between a Brauner, a Mélange, a Ficker and a Franziskaner.

Coffee to stay

Die Tasse Kaffee oder Tee im Café in Kopenhagen, München oder Mailand müsste man zum Weltkulturerbe erklären. Ist sie doch das Gegenprogramm zum rastlosen Coffee-to-go. Im traditionsreichen Kaffeehaus oder im gemütlichen Café um die Ecke findet man Zeit zum Sinnieren, Lesen, Beobachten. Jeder Eingeweihte in Wien kennt den Unterschied zwischen Braunem, Mélange, Ficker und Franziskaner.

Stimulating preludes to the menu are now competing with champagne and its ilk. How about a hot mixture of shiso leaves, sake, coconut water, lychee juice and coriander? Or a cool drink made from aloe vera, lime, cucumber, basil and a strong shot of mescal?

Courageous chefs are currently changing the rules of aperitif selection with new creations, often alcohol-free. Fruits, teas and flavourings such as apricot, lime and vanilla are mixed together. Or jasmine tea with peach and szechuan pepper. Exotic ingredients: fire-roasted jalapenos or the flower of the taro root.

New Aperitifs

Aktuell krepeln couragierte Chefs die Aperio-Auswahl mit neuen Magenöffnern um, häufig alkoholfrei. Gemixt werden Früchte, Tees und Gewürze wie Marille, Limette und Vanille. Oder Jasmin Tee mit Pfirsich und Sezuanpfeffer. Exotische Einlagen: geflammte Jalapenos oder Taro Wurzel als Blüte.

More than French Open

Animierende Vorspiele zum Menü machen Champagner & Co jetzt Konkurrenz. Wie wär's mit einem Hot Mix aus Shiso Blättern, Sake, Kokoswasser, Litschisaft und Koriander? Oder einem coolen Drink aus Aloe Vera, Limette, Gurke, Basilikum und mit einem kräftigen Schuss Mescal?

Trend Guide

Levantine cuisine combines Arab and Israeli culture – without any hint of conflict. It has its roots in countries on the eastern Mediterranean: Syria, Jordan, Lebanon, Palestine and Israel. Young culinary geniuses from Israel, such as Yotam Ottolenghi and Eyal Shani, are giving traditional food a new twist and making it a shooting star in London, Sydney and New York.

Levante

Die Levante Küche vereint – völlig konfliktfrei – arabische und israelische Kultur. Verwurzelt ist sie in Ländern am östlichen Mittelmeer: Syrien, Jordanien, Libanon, Palästina und Israel. Junge israelische Koch Genies wie Yotam Ottolenghi oder Eyal Shani geben der Traditionsküche einen neuen Twist und machen sie in London, Sydney, New York zum Shootingstar.

SharePoint

Mezze nennt man die verlockenden aromatischen Gaumenfreuden. Auf kleinen Tellern und Schüsseln verteilt, kommen sie gleichzeitig auf den Tisch. Eine Einladung zum geselligen Probieren und Sharen, die lustvoll die alte Hierarchie der Speisenfolgen sprengt und unterhaltsame, gesunde Abwechslung zelebriert.

These enticing aromatic delicacies are known as mezze. They all appear on the table at the same time, served on small plates and bowls. An invitation for everyone to taste and share, offering a delicious way of breaking up the old hierarchies of traditional courses and celebrating enjoyable yet healthy variety.

In Love with Falafel

Bei den Fleischgerichten überwiegt Lamm. Ansonsten macht ikonisches Gemüse-Food wie Falafel die Levante Küche zum Eldorado für Vegetarier und Veganer. Hummus aus Kichererbsen oder Baba Ghanoush und Mutabbal aus Auberginenpüree dippt man ganz easy mit Fladenbrot.

Predominant among the meat dishes is lamb. Apart from this, iconic vegetable dishes such as falafel make Levantine cuisine an El Dorado for both vegetarians and vegans. Hummus, made from chickpeas, or baba ghanoush and mutabbal, made from pureed aubergine, make easy dips for pita bread.

Arabian Addicts

Datteln, Pistazien, Mandeln – die Zutaten levantinischer Desserts eröffnen märchenhafte Genusswelten. Am bekanntesten: honigsüßes Baklava. Oder Knefeh: Grießkuchen mit Orangenblüten- und Rosenwasser.

Dates, pistachios, almonds – the ingredients of Levantine desserts open up a fairy-tale world of indulgence. The best known is honey-sweet baklava. Or there is knefeh: a semolina-based cake with orange blossom and rose water.

Playing with fire

BBQ mutiert zu einer Spielwiese für variantenreiche, raffinierte Zubereitung, die bewusst zur Schau gestellt wird. Die typische Zeichnung der braunen BBQ Streifen auf dem Grillgut fungiert als Qualitätssiegel für das besonders schonende, fettarme Braten.

BBQ mutates into a playing field for a rich variety of sophisticated preparation, all deliberately put on display. The typical brown-striped pattern on the barbecued food acts as a seal of quality for very gentle, low fat frying.

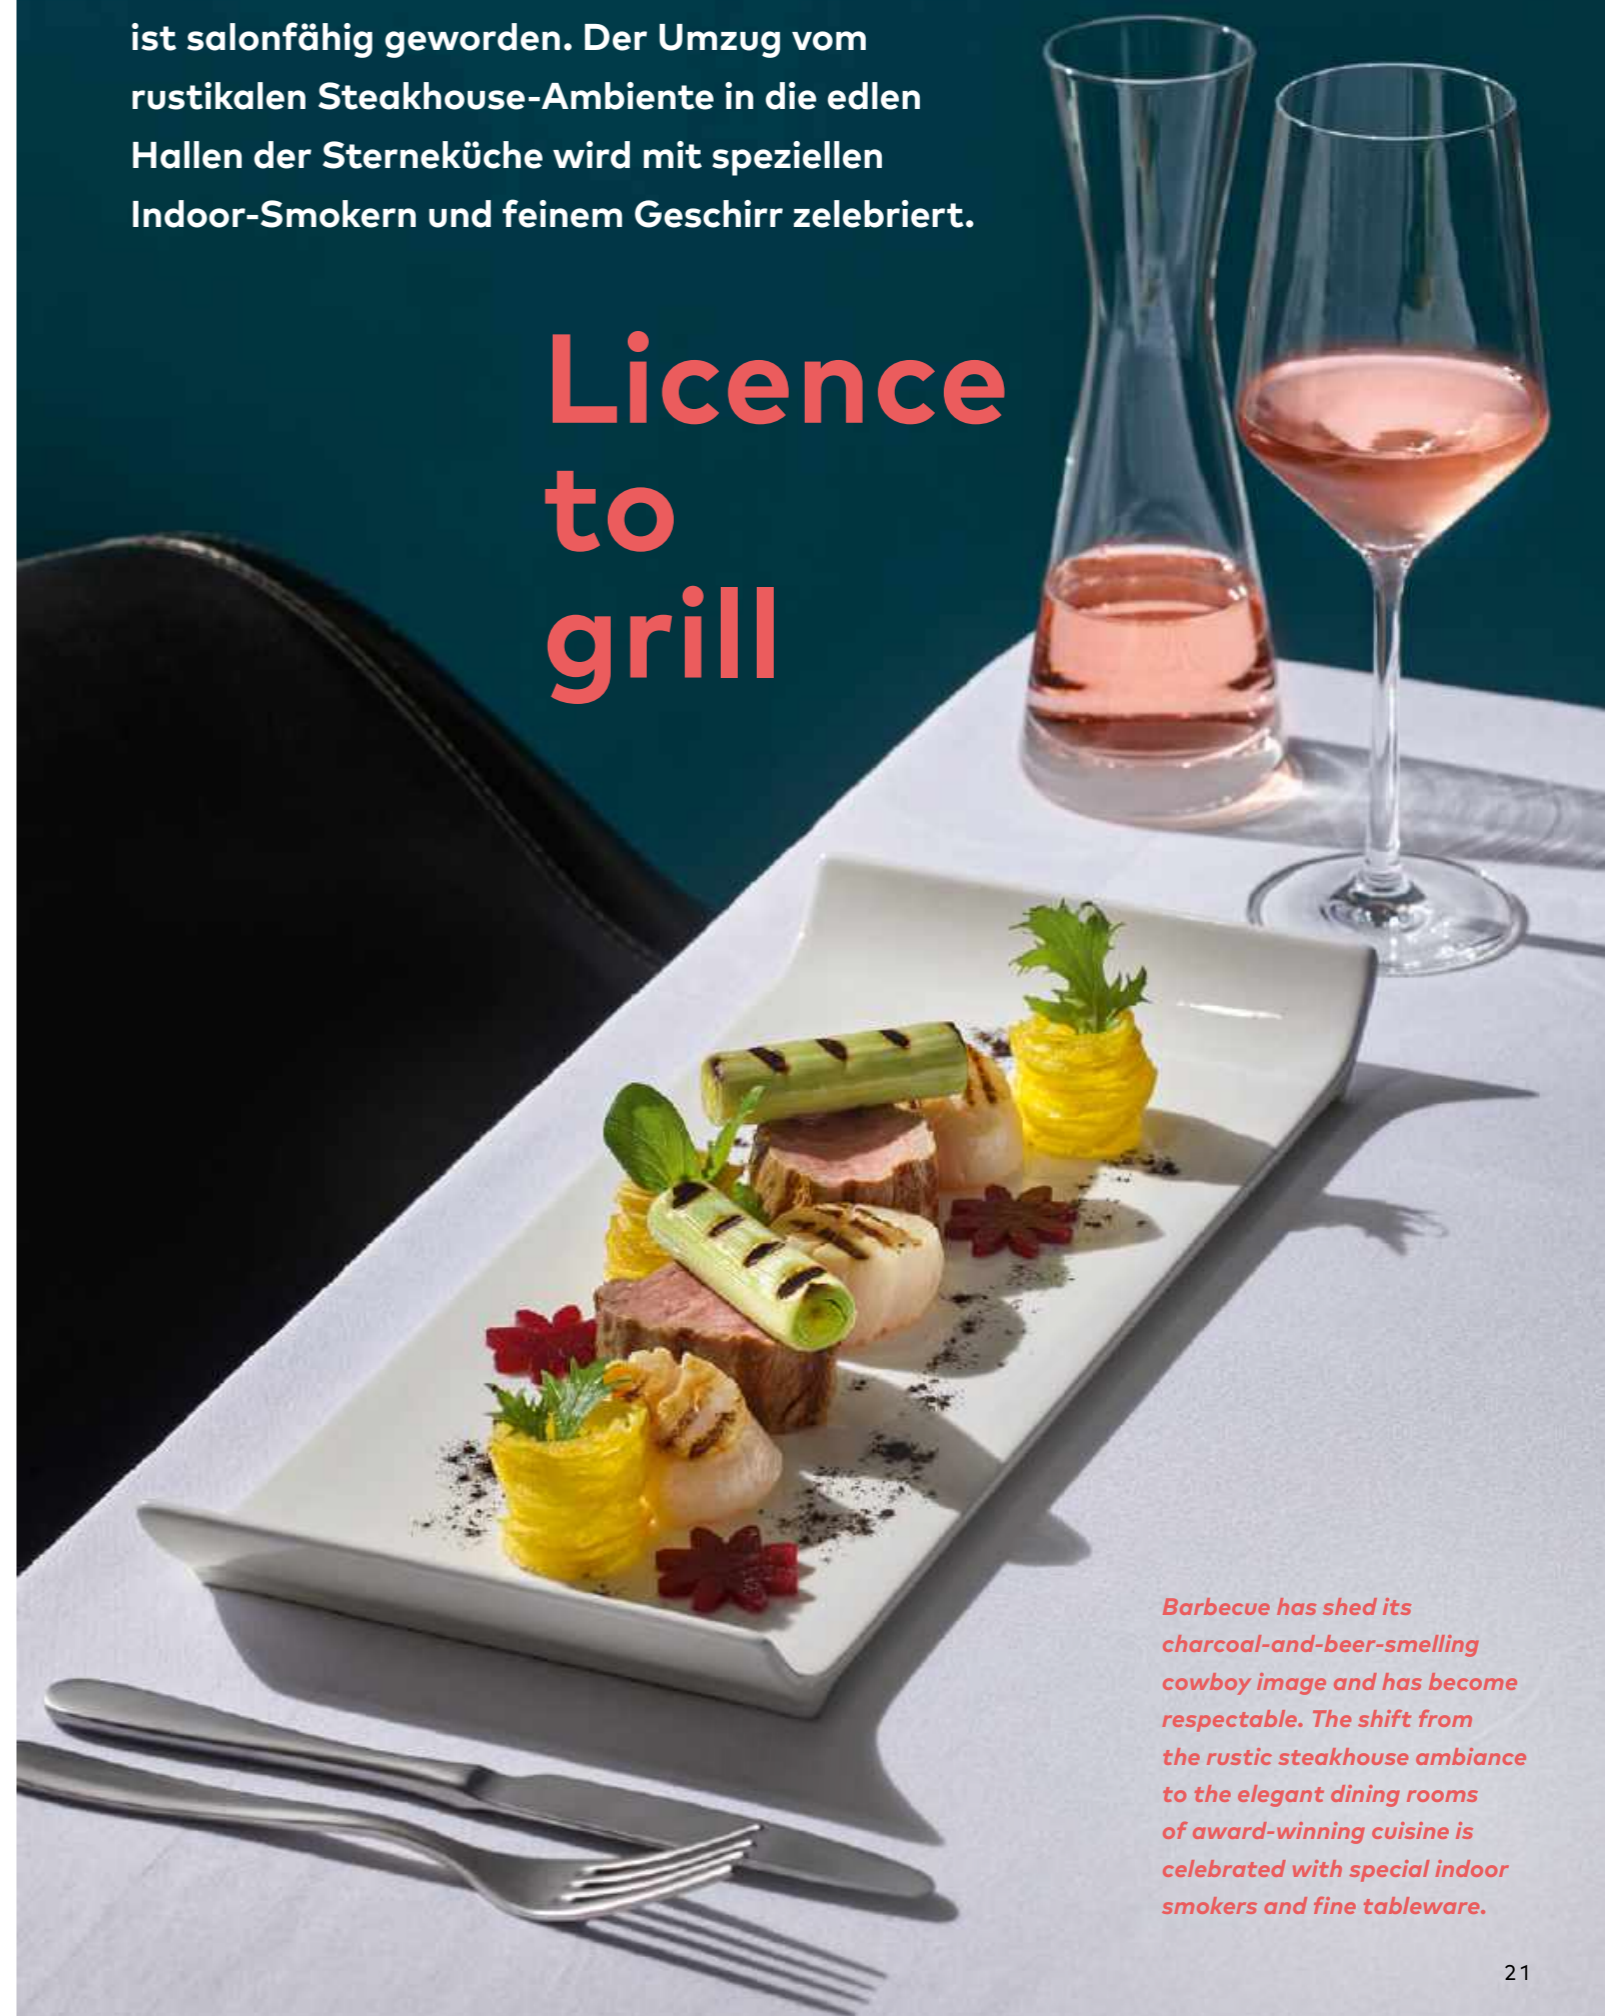

Grilling me softly

Auf dem Rost landen nicht nur marmorierte Ribeye Steaks. Auch Fisch, Jakobsmuscheln, Spargel oder Tofu-Spieße feiern ein ungeahntes Coming-out. Yep: BBQ zeigt weibliche Seiten.

It is not only marbled ribeye steak that can be found on the grill. Fish, scallops, leeks, asparagus and tofu kebabs also make an unexpected appearance. Yup: BBQ is showing its feminine side.

Barbecue hat sein nach Holzkohle und Bier riechendes Cowboy-Image abgestreift und ist salonfähig geworden. Der Umzug vom rustikalen Steakhouse-Ambiente in die edlen Hallen der Sterneküche wird mit speziellen Indoor-Smokern und feinem Geschirr zelebriert.

Licence to grill

Barbecue has shed its charcoal-and-beer-smelling cowboy image and has become respectable. The shift from the rustic steakhouse ambiance to the elegant dining rooms of award-winning cuisine is celebrated with special indoor smokers and fine tableware.

Cocktail guided Menus

Bis vor kurzem lebten Speisen und Getränke in zwei separaten Welten. In der einen der Koch, in der anderen der Sommelier. Ihm oblag die Auswahl des Weins, der Küchenchef war auf diesem Auge blind. Doch jetzt mischen immer mehr Chefs das Speise-Erlebnis mit innovativen Drinks als Begleiter auf. Sie halten auch kräftigen Food Aromen stand, die jeden Wein in die Knie zwingen.

Until recently, food and drinks lived in two separate worlds. In one was the chef, in the other the sommelier. The latter was responsible for choosing the wine: the chef saw nothing of this world. But now more and more chefs are combining the adventure of eating with inventive drinks as an accompaniment. These hold their own even with strong food flavours that would bring any wine to its knees.

Flavor Pairing

Ein rauschendes Fest für die Sinne: Cocktail aus Kefir, Birne und Wildkräuteröl vermählt sein würziges Aroma mit dem von rohem Thuna und gebackenen Enokipilzen.

A fabulous feast for the senses: a cocktail made with kefir, pears and wild herb oil weds its spicy bouquet with that of raw tuna and baked enoki mushrooms.

Escort service

Wer führt? Wer unterwirft sich?
Die speisebegleitenden Getränke emanzipieren sich und agieren im neuen Rollenspiel auf Augenhöhe. Das Date von Schoko-Entenlebermousse mit einem Drink aus gebrannter Zwiebel, Apfel, Rum und Pumpernickel verheißt ein prickelndes Abenteuer.

Who takes the lead? Who is subordinate? The drinks that accompany the food emancipate themselves and, in the new role play, become equals. The date between chocolate and duck liver mousse and a drink made from burnt onion, apple, rum and pumpernickel promises to be a thrilling adventure.

Alcohol is not essential, but nor is it taboo with the cocktail-guided menu. The new gourmet drinks are the extension of the food creations in liquid form – experimenting with vegetables, herbs, teas and fermented ingredients. As well as with everything in the way of high-proof spirits that is stocked in the bar and cellar.

Win win situation

Alkohol ist kein Muss, aber auch kein Tabu beim Cocktail guided Menu. Die neuen Gourmet-Drinks sind die Fortsetzung der Speisen-Kreation in flüssiger Form. Experimentiert wird mit Gemüse, Kräutern, Tees und Fermentiertem. Und mit allem, was Bar und Keller an Hochprozentigem so auf Lager haben.

TRITAN® GLASS PROTECT

Dank unseres einzigartigen Tritan®-Kristallglases überzeugen unsere Gläser mit einer unvergleichbar hohen Brillanz, Bruch- und Spülmaschinenfestigkeit und nicht zuletzt mit einem ganz besonderen Ton, in dem unsere Zwiesel Gläser beim Anstoßen erklingen. Dieser Klang und die Zwiesel Note sind so zum eindeutigen Erkennungsmerkmal unserer Marke ZWIESEL GLAS geworden.

Nicht nur minimale Bruchraten lassen uns dabei zu einem Pionier der Nachhaltigkeit werden. Denn wir schonen die Umwelt gleich in mehrfacher Hinsicht:

- Wir verwenden Materialien aus der Region.
- Dank der Brillanz, Bruch- und Spülmaschinenfestigkeit sind unsere Gläser besonders langlebig.
- Und unsere Umweltleistung ist nach ISO 14001 zertifiziert.

Unsere jahrelange Erfahrung in diesem Bereich macht uns zu einem Vertrauten vieler Endverbraucher, Gastronomen und Hoteliers, oder einfach der anspruchsvollsten Gäste und Gastgeber dieser Welt.

Thanks to our unique Tritan® crystal glass, our glasses are not only particularly brilliant, break-resistant and dishwasher-proof, but stand out for their audible characteristics. The sound of toasting with Zwiesel glasses is unlike any other and has become a distinguishing feature of the brand.

Not only minimal breakage makes us a sustainability leader. We protect the environment in multiple ways:

- *Regionally sourced materials.*
- *Durable glasses that are brilliant, break-resistant and dishwasher-proof.*
- *Certified ISO 14001 environmental performance*

Our many years of experience in this area have earned us the trust of consumers, restaurateurs and hotel owners, or simply the trust of every single guest and host around the world.

150 years of Zwiesel Glas - Sounds like a great history.

In den Stielen der fünfteiligen Serie werden die Meilensteine der 150-jährigen ZWIESEL GLAS Geschichte als lineares Relief visualisiert. Die besondere Haptik der Stiele und die dünnwandige, sensorisch getestete Kupa der Bordeaux-, Burgunder-, Weißwein-, Allround- und Sektgläser machen die Genussmomente Ihrer Gäste einzigartig. Nachhaltig in Deutschland produziert, entstand diese besondere Serie aus der Kooperation mit dem renommierten Designer Sebastian Herkner.

Milestones in the 150-year history of ZWIESEL GLAS are represented in a linear relief pattern in the glass stems in this five-piece set. The unique feel of the stems and the thin-walled bowl of the Bordeaux, Burgundy, white wine, allround and champagne glasses, tested on the senses, make your guests' pleasurable occasions unique. Sustainably crafted in Germany, this unique range emerged from the partnership with renowned designer Sebastian Herkner.

Standard terms and conditions of sale and delivery Zwiesel Kristallglas AG

I. Conclusion of a Contract

1. The following Standard Terms and Conditions of Delivery and Payment shall apply for business contracts with the Supplier unless special agreements have been expressly reached. Other terms and conditions of purchase of the Buyer which are at variance with or supplement these Terms and Conditions of Business shall be invalid.
2. In the case of firms with which the Supplier has no regular business connections, the Supplier shall reserve the right to obtain information of the potential business partner in question before entering into a binding contract. The Supplier shall obtain the information immediately after receipt of the corresponding order. It shall undertake to inform the Buyer of its acceptance or rejection of the order immediately after receiving the aforesaid information.
3. All offers shall be subject to change without notice. An order shall only be binding for the Supplier when a written order acknowledgement has been issued. Immediately after receiving an order, the Supplier shall undertake to inform the Buyer whether the contract offer has been accepted or rejected. Business agreements by telephone, telefax, telegram or through representatives shall require a written confirmation. Intermediate sale shall be reserved in all cases with regard to offers from existing inventory holdings.

II. Prices and Packaging Costs

1. Calculations shall be made at the prices and conditions prevailing on the date of delivery.
2. Cost for outer packaging, such as crates, collapsible containers, pallets, cartons and other containers shall be charged to the consignee.
3. Crates and containers shall be charged separately. Small postal packages and cartons shall not be accepted.

III. Delivery, Delivery Periods and Transfer of Risk

1. All goods shall be despatched for the account and at the risk of the Buyer. In the absence of any special agreement, packaging shall be selected by the Supplier. No liability whatsoever shall be assumed for any breakages, damages or losses during transport. This shall also apply in cases covered by § 447, para. 2 of the German Civil Code (BGB).
2. Notifications on delivery times which are not expressly agreed shall not be regarded as a contractual warranty. A fixed trading purchase within the meaning of the German Commercial Code (HGB) shall only apply if the delivery date has been expressly agreed contractually.
3. In the absence of a special agreement on the admissibility of deviations, the order quantity shall only be regarded as an approximate quantity. It should be upheld by the Supplier as far as possible. Upward or downward deviations shall only be possible up to a maximum of 20 % if the order quantity is for 1,000 units of the same type or less.
4. In the event of a more defined limitation or an exclusion of any overages or underages, a special agreement is to be made thereon when the contract is concluded. Details on the size and weights of packages shall be provided by the Supplier to the best of its knowledge and belief.

1. The Buyer shall be liable for ensuring that orders placed by him/it based on his/its own specifications for moulds, colours, sizes and weights infringe no industrial property rights of third parties and shall be liable for all damages, costs, etc., which are incurred in such cases as a result of any infringements of third party rights.

VI. Payment and Set-Off

1. Regardless of the date on which the goods are received, invoices shall be payable in Euros within 30 days in cash, net.
2. Cheques, bills of exchange and acceptances shall be treated as cash payments on their respective collection date. If the payment period of 30 days is exceeded, default interest shall be charged at 8 % above the respective discount rate of the German Bundesbank with effect from the 31st day.
3. Partial payments or advance payments made without agreement shall always be credited to oldest unsettled invoice amounts.
4. If the Buyer is in payment arrears or if a cheque issued by the Buyer cannot be collected in our favour, we shall be entitled to take repossession of the goods. Otherwise settlement is effected in accordance with Section 367 Subsection 1 German Civil Code (BGB).
5. Repossessing goods shall not be construed as a withdrawal from the contract.
6. If facts or circumstances subsequently become known to us which indicate a substantial deterioration in the financial position of the Buyer and which may endanger our payment claims, we shall be entitled to make our claims due with immediate effect.
7. The aforesaid legal consequences in the event of payment arrears may be averted by the Buyer by the provision of security in the amount of the endangered payment claim.
8. This shall not prejudice the relevant legal regulations on payment arrears.
9. The Buyer shall only be entitled to set off counterclaims which have been established by declaratory judgement or which are undisputed. A retention right may only be enforced on the strength of counterclaims which are based on the same contractual relationship.

VII. Reservation of Title

2. The Buyer shall be authorized to collect claims resulting from the resale of reserved goods until the aforesaid power of authority is revoked.
3. Claims of the Buyer arising from the resale of reserved goods shall hereby be assigned to us. They shall act as security to the same extent as reserved goods. If the reserved goods are sold by the Buyer together with other goods not sold by us, the claim arising from the resale shall be assigned to us in the ratio of the invoice value of the reserved goods to the invoice value of the other goods.
4. At the request of the Supplier, the Buyer shall be obliged to inform his/its customers of the aforesaid assignment and to provide us with the information and documents required for collection purposes.
5. The Buyer shall at all events not be entitled to assign the aforesaid claims to any other party.
6. The Buyer is obliged to inform us immediately of any seizures or interferences by third parties relating to the reserved goods.
7. The power of authority to collect claims may be revoked at any time, especially in the event of any payment arrears by the Buyer. If the value of the existing securities exceeds the secured claims by more than 20% in total, we shall be obliged to release securities of our choice at the request of the Buyer.

VIII. Notification of Complaints and Warranty

1. The Buyer shall inspect the goods immediately upon delivery. If the delivered goods are defective or if the Buyer identifies an incorrect delivery or quantity errors, he/it shall notify the manufacturer thereof in writing immediately. An immediate notification within the meaning of § 377 of the German Commercial Code (HGB) shall only apply if it is made at the latest within 14 days after receipt of the goods. Any onward transmission of the goods to third parties or any despatch to customs warehouses abroad shall be regarded as a unreserved acceptance of the goods in question.
2. Ordering Party acknowledges that minor tolerances or deviations in terms of size, weight, roundness, colour or dimensions may occur, for technical and material-related reasons, during the manufacture of glass products, in particular in items of the same series. Such tolerances and deviations are customary in the industry, are outside of our sphere of influence, and do not represent product defects. Furthermore, the manufacturing process may result in lower or higher quantities than the agreed-upon delivery quantity for reasons of production technology. This is also customary in the industry, with permissible deviations from the delivery quantity of up to +/- 10%. The amount payable shall be based on the actually delivered quantity.
3. First of all, the Supplier shall always be given sufficient opportunity to rectify defects within a reasonable period of time. If rectification is abortive, the Buyer shall have the right to withdraw from the contract or to reduce the purchase price. Defects claims shall not arise in the event of immaterial adverse effects on usability, in the event of damages which occurred after the transfer of risk as a result of improper or negligent handling or excessive use.
4. Claims of the Buyer for expenses required for rectification purposes, especially transport, travelling, labour and material costs, shall be excluded if the expenses are increased because the delivered goods are subsequently moved to a location other than the location of the Buyer.
5. Statutory recourse claims of the Buyer against the Seller shall only apply insofar as the Buyer has reached no agreements with his/its customer over and above the statutory defect claims.
6. Additional or other defect claims of the Buyer against the Supplier and its vicarious agents governed by this Section shall be excluded. Section X. shall apply in addition.
7. Any claims of the Buyer against the Supplier for a defect in the delivered goods shall be statute-barred after 12 months.

IX. Rights of the Supplier in the Event of Payment Arrears by the Buyer

1. If the Buyer fails to comply with his/its obligations under the purchase contract, or if, in particular, he/it is in arrears with payment of the purchase price, the Supplier shall be entitled to withdraw from the contract after a reasonable period of grace or to demand compensation or reimbursement of the costs incurred. This shall not apply if the liable party was not responsible for the relevant breach of duty.
2. Any change the burden of proof to the detriment of the Buyer shall not be associated with the aforesaid rulings.

X. General Liability Limitation and Expiry

1. Claims for damages and reimbursement of expenses by the Buyer shall be excluded regardless of the legal cause, especially on account of any breach of duties in connection with the contractual relationship and any tortious acts.
 2. The liability exclusions and liability limitations included in these Terms and Conditions of Business shall not apply in cases of liability independent of the question of blame or negligence, especially claims under the German Product Liability Act (Produkthaftungsgesetz) in cases of wilful intent, gross negligence, or injury to life, limb or health and on account of a breach of major contractual obligations.
 3. Compensation for failing to comply with major contractual obligations shall be limited to typical, foreseeable damages, however, unless wilful intent or gross negligence applies, or on account of liability for injury to life, limb or health.
 4. Any change in the burden of proof to the detriment of the Buyer shall not be associated with the aforesaid rulings.
- Liability for other and/or consequential damages, including loss of profits, is excluded
5. If the Buyer is entitled to damage compensation claims, these shall be statute-barred in 12 months.

XI. Place of Performance, Legal Venue and Governing Law

1. Zwiesel shall be regarded as the place of performance for deliveries. The legal venue is the Local Court of Viechtach or the Regional Court of Deggendorf, if the Buyer if a registered trader within the meaning of the German Commercial Code (HGB).
2. All legal relationships substantiated by the sale and purchase contract shall be exclusively governed by the laws of Germany to the exclusion of the Convention of the United Nations on Contracts for the International Sale of Goods (CISG).

XII. Data Protection

1. All data collected within the scope of the business relationship, including personal data, are automatically processed and stored for the purposes of executing the order in accordance with applicable data protection laws.
2. This includes the possibility that the personal data of the purchaser are forwarded to credit, mercantile and commercial agencies prior to the conclusion of contract in order to verify payment history and credit rating.
3. Partner companies, as mentioned under XIII. 2, with which we collaborate in connection with the conclusion and execution of the order, are also obliged to comply with the German Data Protection Act [Datenschutzgesetz (BDSG)].
