Vincent Van Duysen

Vincent Van Duysen's collections for Serax epitomise the pureness of form and intuitive relationship with materials that have helped cement his reputation as one of Europe's leading architects and designers.

After early experiences in the studios of influential Italian post-Modernist Aldo Cibic and Belgian interior designer Jean de Meulder, van Duysen was quick to establish his own path, leading to the launch of his practice in Antwerp – the city that has been his home since the 1980s.

He quickly garnered international acclaim for his ability to create distinctively atmospheric, serene and tactile spaces in which every element is connected and considered: a “total environment”.

Over a career spanning more than three decades, he has refined this approach, applying it at every scale. From buildings to chairs, each project is richly layered, drawing on influences from art history and Modernist architecture and design, and combining a deep respect for natural materials and colour palettes with a singularly contemporary sensibility.

FURNITURE COLLECTION	

RUDOLPH — SOFT SEATING

Building on Vincent Van Duysen's previous collaborations with Serax, the *Rudolph* sofa collection is an exercise in contemporary modernism. The collection takes its name from Rudolph Michael Schindler, a major protagonist of mid-century American modernism and a critical reference for van Duysen, and is inspired by the clean style of the era and by the architect's personal Modern art collection.

Rudolph is presented in four modular shapes; an ottoman, single-seat, two-seater and three-seater. All the pieces share the same approach to proportion, offering serene, simple forms reminiscent of the banquettes that line classic modernist interiors. For the hand-finished oak wood frames and base, van Duysen selected ebony black, bringing its own character to the wood grain. Cotton linen upholstery is available in off-white, bone, beige, sand and smoke to compliment the wooden seat and back.

Outdoor — *Rudolph* also offers an elegant but robust solution for outdoor seating. The core forms and profiles of the collection are reimagined in new material combinations to create weatherproof pieces that retain the ethos of the original designs. Teak-wood frames provide longevity and are complemented by water-and-stain-resistant upholstery in three colours: white, chalk and camel.

RUDOLPH — DECO CUSHIONS

For the *Rudolph* deco cushions, Vincent Van Duysen designed a series of simple colours and stripes in natural cotton-linen blend fabrics, suitable for any combination of the sofa series. The fabrics are produced by B&T Textilia, a Belgian weaving mill with a long-standing history, specialising in exclusive high-end jacquard and plain fabrics and using only the best yarns – primarily from Belgium, France, Italy and Peru.

RUDOLPH — SIDE TABLES

Expanding the possibilities of the sofa range, the freestanding *Rudolph* side tables are solid and stable by design with a modern charm and simplicity. The tables draw focus through the use of textured, tactile natural materials. A solid black or cognac-tinted wood base meets a pale marble top to create a distinctive contrast that echoes the relationship between the wooden frames and soft upholstery of the sofas.

Vincent Van Duysen

AUGUST

OUTDOOR FURNITURE COLLECTION

AUGUST — OUTDOOR FURNITURE

Vincent Van Duysen seamlessly interweaves architecture, interior design, and design objects – an approach that is visible in the luxury hotel August, which the architect converted from a historic monastery and former military hospital in Antwerp, creating a welcoming, warm environment in his unmistakable palette nature-inspired tones and materials.

The eponymous *August* collection of outdoor furniture is a core part of this experience, effortlessly reinterpreting the history of the environment into modern designs. This comprehensive hospitality collection consists of six sizes of rectangular tables and round tables, two dining chairs, a single and double lounge chair, bar stools, bar tables, and an elegant sun lounger. Typical of Van Duysen's style, each piece has been reduced to its essence, focusing on purpose and strength. With functional simplicity and durability in mind, *August* by Vincent Van Duysen is available in black, eucalyptus green and sand. All in powder-coated aluminium.

Vincent Van Duysen RUDOLPH & AUGUST

Vincent Van Duysen is one of Europe's leading architects and designers. His *Rudolph* sofa and *August* outdoor furniture for Serax are the epitome of his approach, bringing together a contemporary design sensibility that champions simplicity and purity of form, with a palette of colours and textures inspired by nature that makes his pieces tactile, inviting and deeply desirable.
