NEW COLOUR & ADDITIONS

Crafted by Nature

Elements takes its inspiration from the close link between ceramic clay and the natural earth that formed it. Finished in a semi-matte glaze, Elements features a rustic radial pattern and texture. The design is available in colours inspired by the landscape, making it ideal for presenting fresh produce.

Spring 24 introduces a new colour addition into the Elements collection, Fern Green, featuring core rounds, stylish walled plates and complementary beverage items.

 Elements se inspira en el estrecho vínculo entre la arcilla y la tierra natural que la formó. Acabado con un esmalte semimate, Elements ofrece un diseño radial de estilo rústico con relieve. El diseño está disponible en colores inspirados en el paisaje, por lo que resulta ideal para presentar productos frescos. Primavera 2024 introduce un nuevo color en la colección Elements, Fern Green, que incluye platos redondos, elegantes platos con bordes y artículos complementarios para bebidas.

 Si arricchisce la collezione con Elements che trae ispirazione dalle consistenze naturali dell'argilla. Rifinito in smalto semi-opaco, Elements ha una particolare texture che ricorda la lavorazione manuale dell'argilla, è disponibile in nuance naturali perfette per presentare cibi freschi. La Primavera 24 introduce un nuovo colore nella collezione Elements, Fern Green tante le forme dai classici piatti tondi agli iconici walled plate alla caffetteria.

 Elements verkörpert die enge Verbundenheit zwischen keramischer Masse und der Natur, die sie geformt hat. Elements ist mit einer halbmatten Glasur versehen und verfügt über ein rustikales Radialmuster und eine rustikale Textur. Das Design ist in, von der Landschaft inspirierten, Farben erhältlich und eignet sich daher ideal für die Präsentation frischer Produkte. Im Frühjahr 2024 wird die Elements-Kollektion um die neue Farbe Fern Green erweitert, die sich durch runde, stilvolle Teller und ergänzende Tassengrößen auszeichnet.

 Elements s'inspire du lien étroit entre l'argile et la terre naturelle qui l'a formée. Recouvert d'un émail semi-mat, Elements présente un motif radial et un relief rustique. Le design est disponible dans des couleurs inspirées par les paysages, ce qui rend Elements idéal pour présenter des produits frais. Au printemps 24, la collection Elements s'enrichit d'une nouvelle couleur, le vert fougère Fern Green, qui se décline en assiettes rondes, en assiettes à bords droits et en articles dédiés à la cafétéria.
