

HOLLOWICK[®]
INC.

steelite
INTERNATIONAL

THE ART OF PRESENTATION

Steelite International is the leading designer, manufacturer, and supplier of award-winning tabletop and buffet products for the global hospitality industry. With the addition of Hollowick, we have expanded our offering to provide top quality lighting and food warming solutions that are designed & created in the USA. Enclosed you will find a wide variety of lighting solutions including no-mess liquid candles, style-forward candle holders, food heating products, and so much more. Alongside Steelite International, Hollowick will create an ambience for the table that is unforgettable.

the #steeliteexperience

Customer satisfaction requires dedication, commitment and a passion to achieve levels of excellence far exceeding expectation. As a prominent manufacturer of tabletop lighting and food warming products for the commercial foodservice industry, Hollowick prides themselves on innovative products and providing top notch customer service in meeting tabletop & banqueting needs.

showrooms

LAMPS

superior performance in tabletop lighting

Hollowick is committed to providing the best products and service to the foodservice trade since the founding in 1971. As a leading manufacturer of tabletop lighting for the commercial foodservice industry, Hollowick lamps will create an ambiance and presentation that keeps guests coming back again and again.

wide variety of unique finishes

- From clear glass to ruby gold, glass lamps bring beauty & tranquillity
- Enhance the beauty of a lamp with resin or wood bases
- Candlesticks with fabric lamp shades provide high end appeal
- Create an industrial look with hammered & geometric metal lamps

HOLLOWICK

Lustre
Brilliance with a splash of iridescent colour.

Satin
A translucent surface that emits a warm soft glow.

Jewel
A dazzling display achieved by applying an ice finish on the inside of the lamp.

Ice
A sparkling durable finish created by fusing bits of glass to the lamp surface. Resists fingerprints.

Ruby Gold
A celestial haze of ruby washed over an inner sheen of metallic gold in a classic curve of light.

Satin Linen
Provides a warm subtle glow. This innovative technique won't stain like other satin and etched finishes.

Antique Gold
The dramatic textural Antique Gold decorated finish is warm and inviting. Each hand-applied finish will have a unique textured look.

Antique Black
The ethereal Antique Black finish is dark and mysterious, yet elegant. Each hand-applied finish will have a unique texture.

Marbled
The bold Marble finish is applied using a special decorating process resulting in a unique vibrant contrasting pattern.

Midnight Amber
A satiny dark chocolate ocean accepts a soothing sunset of candlelight. The Midnight Amber treatment brings calmness and warmth.

Amber Art
Each Amber Art treatment has a unique flow of colours, clouds and light. Every lamp is a distinct masterpiece that brings beauty and tranquillity.

globes

Keep Hollowick globes sparkling clean by regularly handwashing them with warm water and mild detergent. Note: Commercial dishwashing detergents may spot or dull fired-on colours.

bases/lamps

Hollowick lamp bases are coated with finishes that protect and enhance the beauty of the lamps. Metal and wood bases should be cleaned with a spray furniture wax. This leaves a protective shine and allows for easy cleaning in the future. Resin and glass bases should be cleaned with a damp cloth and mild detergent.

breakage due to thermal shock

Breakage and cracking are commonly experienced when traditional wax tealights and votives are used in glass table lamps; especially with thicker glass lamps and globes. For this reason, Hollowick Lamps are not recommended for use with wax tealights and votives. The use of the proper Hollowick Liquid Candle will resolve this issue.

note:

Do NOT put any Hollowick lamp, base or globe in a dishwasher.

CANDLES

From disposable liquid candles to solid wax candles, Hollowick will set the mood for your table. Paired with a Hollowick lamp, the liquid candles provide candlelight without the melted wax mess, and are offered in a variety of sizes to accommodate burn time and level of light. Each liquid candle is non-hazardous and disposable, making a convenient option for operators to simply remove and replace. Hollowick solid wax candles are a traditional favourite, and have the finest quality & reliability in foodservice.

significant advancements designed & created at Hollowick

- Refillable liquid candle systems
- Disposable liquid candles
- Highlight liquid candles
- Liquid tealight & votive candles

HOLLOWICK
made in the usa

candlelight without the melted wax mess

Liquid candles from Hollowick are the ideal choice for lighting up the tabletop. These liquid fuel cells burn cleaner than solid wax candles and are disposable, making clean up quick and easy without the melted wax mess. Available in a variety of sizes, a strategically chosen liquid candle will sit low inside a table lamp in order to illuminate the colours or beauty of the lamp itself. With a burn time that is twice that of a standard tealight, Liquid Candles from Hollowick are staple for those restaurants & hotels looking for the elegance of live flame.

proper use of liquid candles

In order to illuminate the colours and beauty of a lamp, select a liquid candle that sits low within the lamp, and does not touch the sides.

FLAMELESS LIGHTING

Flameless lighting is a great alternative for venues that restrict open flame. Designed with the look & feel of a real candle, the flameless systems from Hollowick provide a long term cost-saving solution while offering a rechargeable warm light that will set the mood for any space. With a wide selection of systems to suit any budget, these rechargeable units include features from steady and flickering light to remote control operation and wireless charging. With up to 26 hours of run time on one charge, Hollowick has the most advanced rechargeable candle system in the world.

The Nexis® System is designed with the end user in mind

- Great looking flame tip design
- Authentic candlelight LED colour
- Magnetic or tray pins for easy recharge
- Various tealight & votive sizes

HOLLOWICK
groundbreaking commercial light systems

wireless, no hassle lighting

Set the mood for any vintage-inspired tabletop with the warm amber light from Hollowick's LED Edison Bulb. These wireless bulbs provide a safe & stylish lighting alternative to live flame and offer the iconic Edison bulb look that many desire. Its convenient magnetic base allows a unique opportunity for hanging applications, whether that's under a shelf or along a table side wall; the creativity is as vast as your imagination! Offering 18-20 hours of steady or flickering light, the Edison Bulbs can be recharged overnight and ready to go for the next shift.

flameless tealight that fits any size hollowick lamp

Nexis® LED Candle System by Hollowick is the most advanced rechargeable candle system in the world. Careful attention was paid to function, performance and ergonomics to set this ground breaking commercial lighting system apart from the rest. Features like an easy-to-grab, realistic flexible flame tip, a bevelled top for greater illumination, options of steady or flickering light, and IP44 certification for water resistance make this product a go-to choice for foodservice operators. All the while pairing up with a wireless, magnetic charging tray that holds up to 40 candles and offers a 26-hour average run time, this flameless system is top of the line.

* **WARNING:** This product can expose you to chemicals including lead, which is known to the State of California to cause Cancer and birth defects or other reproductive harm. For more information go to www.P65warnings.ca.gov

D=Diameter L=Length W=Width H=Height

flameless light with natural flicker

Available in both candlelight and amber LED colour, the Platinum+ Flameless Series leads the market in Nickel Metal Hydride (NiMh) commercial rechargeable systems. The subtle flicker light will provide 18 hours of candlelight from a 10-hour charge, and a linking pin charging system allows operators to connect up to 4 power trays together. Certified by the Green Restaurant Association, Platinum+ is environmentally friendly and a great alternative to live flame.

Platinum+ series charging trays are designed to be wall-mounted, preserving valuable counter space. Up to four trays may be linked, allowing up to 48 candles to be charged per power supply.

amber LED light

The V12 series leads the commercial value category of Nickel Metal Hydride (NiMh) battery rechargeable systems. Designed specifically to perform in demanding foodservice operations, the V12 system is available in a naturally flickering Amber LED colour and offers a convenient USB charging connection.

commercial grade performance

Set the mood with battery powered tealights & pillar candles from Hollowick. With an elegant flame design and a realistic flame colour, these candles feature LED lighting and offer commercial grade performance and durability. The tealights last 80+ hours and are conveniently packed in retail-ready packages of six. While the pillar candles are made of real, unscented wax to provide the look of a burning candle without the melted wax mess. Each pillar will last for 600+ hours on two alkaline C batteries, and operates off a remote control that provides a high light setting and the ability to set a default timer to run automatically for 6, 8, or 10 hours at a time.

FUELS

In catering & buffet service it is important to keep food at the proper serving temperature to ensure guest satisfaction, and Hollowick chafing fuels and butane accessories provide that solution. Offered in both liquid and gel, the chafing fuels are available in a variety of heat levels, wick design, and burn times to suit any application. From the twin-wick design of Easy Heat® to the Green Certified Ethanol Gel fuel, Hollowick chafing fuels paired with butane accessories provide foodservice professionals with the heating tools they need.

the only choice for chafing fuel & heating

- Liquid chafing fuel at different performance levels
- Ethanol & methanol gel chafing fuel
- Safe-to-handle liquid fuel canisters
- Butane fuel canisters for stoves & torches
- Professional chefs stove & cover with high performance BTU output

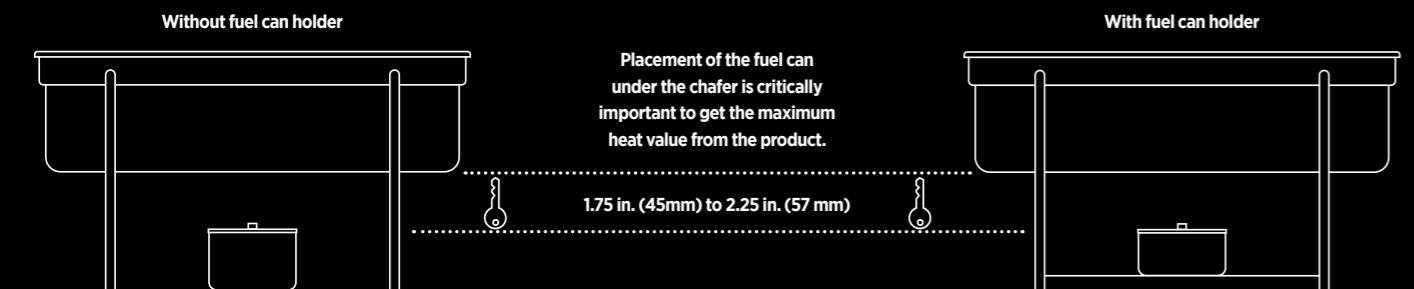

HOLLOWICK
maximising heat performance

maximum heat performance

The proper placement of any chafing fuel source is critically important to have maximum heat performance. With Hollowick Easy Heat® Chafing Fuels, the wick is adjustable to accommodate different temperature levels and the can stays cool for easy handling. Simply adjust the wick to change the heat output between standard, low and high, then place on the fuel holder or table beneath to properly heat the chafing dish.

consistent flame & adjustable heat

Easy Heat® liquid chafing fuels are the go-to choice for buffet service. With a consistent flame for even heat, the wicks are located outside the canister keeping the flame position the same as it burns and the can cool so servers can easily handle during service. The wicks are also easily adjustable to provide different levels of heat to suit operator needs. Comprised of Diethylene Glycol, Hollowick's Easy Heat® fuels are non-flammable and enclosed in a sealed canister to prevent spill accidents and reuse on separate occasions.
